Construction Checklists are available for Decks, Garages, Manufactured Homes and Wood Stoves.

# BUILDING PERMIT SUPPORTING INFORMATION

---

## **NEW HOME WARRANTY**

The *New Home Buyer Protection Act* came into effect on February 1, 2014, requiring builders to provide home warranty coverage for all new homes built in the province. New homes (single detached family homes/duplexes/multi-family homes/condominiums/manufactured homes/recreational properties) include, at minimum, a warranty for:

- One year labour and materials;
- Two years for defects in labour and materials related to delivery and distribution systems;
- Five years building envelope protection, with a requirement for the warranty provider to offer the consumer the option to purchase additional years of coverage; and,
- 10 years coverage for major structural components.

Learn more about Alberta's better warranty standards and get to know your role at <http://homewarranty.alberta.ca>.

### **For More Information**

#### **Municipal Affairs Public Safety Division**

Phone (Toll Free): [1-866-421-6929](tel:1-866-421-6929)

## **NEW HOME WARRANTY – LETTER FROM MUNICIPAL AFFAIRS FOR ADDITIONS/RENOVATIONS**

Applicants submit the information to Municipal Affairs office for a letter to determine if warranty is required or not.

Here is the link for information on Reconstruction:

[http://municipalaffairs.alberta.ca/documents/ss/Registrars\\_Bulletin\\_\(Number\\_2\)\\_Reconstruction\\_\(March\\_7\\_2014\)\\_FINAL.pdf](http://municipalaffairs.alberta.ca/documents/ss/Registrars_Bulletin_(Number_2)_Reconstruction_(March_7_2014)_FINAL.pdf)

Keep in mind that the letters we provide are only to advise that warranty is not required for a project. We do not override any municipalities bylaws for construction projects (eg. whether secondary suites are allowed or size of construction on lots).

### **For More Information**

#### **Municipal Affairs Public Safety Division**

Phone (Toll Free): [1-866-421-6929](tel:1-866-421-6929)

- 1) Name and phone number of land owner
- 2) Provide a short description of the proposed construction project
- 3) Legal land description of construction project
- 4) Square footage (above grade) of existing home
- 5) Year existing home was built
- 6) Will any framed walls of the existing home be removed down to the foundation
- 7) Will the existing home remain on the property after construction is complete?
- 8) Square footage (above grade dwelling space) of new construction
- 9) If the new construction is a secondary suite, does it contain the following facilities:
  - a. Cooking
  - b. Eating
  - c. Living
  - d. Sleeping
  - e. Sanitary
- 10) Can the land be subdivided between the existing home and new construction?
- 11) Will the utilities be shared between the existing home and new construction?
- 12) Copy of your development permit application.
- 13) Copy of your building permit application.

## **BUILDERS LICENSE**

New requirements for residential builders come into effect on December 1, 2017. Going forward, new homes in Alberta must be built by somebody with a valid licence or an Owner Builder Authorization. This will be required in order to register new homes and to obtain building permits for new homes. If you have further questions, please contact Municipal Affairs office at 1-866-421-6929 or email [builderlicensing@gov.ab.ca](mailto:builderlicensing@gov.ab.ca).

**Construction Checklists are available for Decks, Garages, Manufactured Homes and Wood Stoves.**
